

MaxiCoat

DHA & EPA • *Ascophyllum nodosum* • Biotin

Dogs

Cats

1

Low Free Fatty Acids

Ensures that more essential fatty acids are absorbed.

2

Ascophyllum nodosum

Ascophyllum Nodosum kelp supplies essential fatty acids & soothes inflamed skin. It also assists with supporting the endocrine system & boosts immunity.

3

Cold-water Fish Oil

Supplies high levels of essential fatty acids like DHA & EPA.

4

Rosemary Extract

Higher levels of Rosemary extract prevent premature oxidation & increases shelf life, whilst preventing Free Fatty Acids from forming.

5

Biotin

Assists hair follicle & hair health & may reduce excessive shedding.

6

Fish Oil Powder

Mixing cold-water fish oil with a stable starch powder prevents the suspension of actives to the bottom of the container.

7

Omega IT

Our in-house cold-water fish oil blend for increased Omega-3 to help soothe & lubricate joints whilst keeping skin & coat in excellent condition. Supplies important digestible fats & oils.

SIZES
250g | 500g | 1kg

Skin & Coat

Shelf life - 12 Months*

A nutritional aid in the management of inflammatory skin related conditions in dogs and cats. High levels of Omega-3, DHA & EPA and Marine Kelp may decrease allergies and will assist in excessive hair loss.
