

MaxiDental

Aloe • *Ascophyllum nodosum* • Mint

Dogs

Cats

1

Ascophyllum nodosum

At 50% inclusion contains an enzyme called Bacillus licheniformis that breaks down bacteria from plaque & prevents it from forming. Helps remove tartar.

2

Zeolite

A powerful mineral that may prevent plaque from forming. It captures positively charged toxins and heavy metals within the mouth & body.

3

Calcium

Calcium carbonate helps keep teeth strong and healthy. May also assist in dissolving tartar on teeth.

5

Green Tea Extract

Serves as a natural anti-oxidant whilst assisting in absorbing toxins within the mouth.

4

Pectin

Helps spread MaxiDental throughout the mouth & helps it get into hard to reach places.

7

Dried Mint

Mint helps with keeping breath fresh & may also assist in removing stubborn plaque.

6

Aloe Extract

Helps control bad bacteria in the mouth & assists with inflammation of gums.

SIZES

250g | 500g | 1kg
