

MaxiJoint RELIEF

Glucosamine • Boswellia serrata • GLM

1

Chondroitin Sulfate

Made of chicken cartilage, chondroitin sulphate is a great "joint-building block" & helps build up new cartilage in the joints.

2

Glucosamine Hydrochloride

A more bioavailable type of Glucosamine that is also a building block for joints & helps with pain relief in damaged joints.

3

Green Lipped Mussel Extract

Green Lipped or Shelled Mussel extract is a very potent anti-inflammatory. Relieves joint pain & inflammation.

4

Omega IT

Our inhouse cold-water fish oil blend for increased Omega-3 to help soothe & lubricate joints whilst keeping skin & coat in excellent condition. Supplies important digestible fats & oils.

5

Curcumin Extract

Pure Curcumin extract is used as a potent anti-inflammatory that is highly absorbed (bioavailable) and helps with relieving pain & discomfort.

6

Boswellia serrata Extract

A herbal extract that may prevent loss of cartilage, slowing down Degenerative Joint Disease & alleviating symptoms of Arthritis. A very potent anti-inflammatory for pain relief.

7

Manganese Amino Acid Chelate

Helps the body absorb other actives into the body better.
