

# MaxiRelief PASTE

**1** *Boswellia Extract • Curcumin • Devils Claw Extract*

## Curcumin

Pure curcuminoids are used in MaxiPain Paste to provide very potent anti-inflammatory action and effective pain relief.

## 2

## Omega-3 Fatty Acids

Naturally in cold water fish oil, Omega-3 Fatty Acids provide joint lubrication, synovial fluid regeneration and also has a natural anti-inflammatory effect. Helps manage osteoarthritis.

## 3

## Piperine

The active ingredient in black pepper. At even very low dosages, it can increase the absorption of curcumin up to 2000%!

## 4

## Capsicum

Helps increase circulation in muscles and connective tissue and may reduce swelling and pain.

## 5

## Boswellia serrata Extract

Boswellia serrata is very popular in pain management and soothes muscles, tendons and connective tissues. Extract form allows for better absorption and lower dosages needed.

## 7

## Devils Claw Extract

At safe dosages, devils claw positively assists in pain management, osteoarthritis and is a very effective anti-inflammatory. Extracts for lower but effective dosages.

## 6

## L-Carnitine

Pure L-Carnitine helps muscle recovery and restore tissue function, thus quickening recovery and stiffness and pain.

## 8

## Bromelain

A enzyme found in pineapples it has been found to also assist in pain relief along with positively assisting digestion in dogs and cats.
