

# Maxi Shine

Flaxseed • Beta Carotene • Zinc Oxide

**A nutritional aid that helps keep hair and skin soft and shiny. The blend of oils keeps hair follicles healthy and ensures a beautiful coat. Beta Carotene assists in optimal hair colour and shine. A must-have for all show dogs and cats.**

1

### Flaxseed Oil

High levels of Omega-3 assists with skin & coat health.

2

### Biotin

Assists hair follicle & hair health & may reduce excessive shedding.

3

### Beta Carotene

Added to bring out your pets natural hair colour making their coats extra radiant.

4

### Rosemary Extract

Potent natural anti-oxidant that protects the product from premature oxidation.

5

### Coconut & Olive Oil

In their most natural form to assist in overall hair & coat enrichment keeping them healthy & shiny.

6

### Zinc Oxide

Zinc is a vital component for strong & shiny hair. Also aids the hair follicle to stay healthy & alive. Assists the absorption of actives.

### Composition:

Proprietary blend of oil including Sunflower, Canola, Flaxseed, Evening Primrose, Wheat Germ, Vitamin E Acetate, Olive and Coconut. With added Zinc Oxide, Biotin and Beta Carotene.
